New York Stock Market.

New York, May 1.—The day was one of gross depression and considerable excitemant at the shock exchange. The hearts freeling was very pronounced at the start and found impossion in repeated raids on leading shares as the morning wore along. The dron in prices, which was quite severe, especially in the Industrial group, was due to various causes, prominant among them belief the sudden and altogether unerpected announcement that the Netherland Corlage directors had decided upon the issuing of £,500,000 additional preferred stock. Common stock treke \$1 to \$00, and preferred \$100 Kg. The failure of the Bank of Australia and the suspension of an important house in Liverpool were said to have unsettled the Londor market and posted rates of sterling exchanged were raised to 4 \$00 min the properties of the same time money jumped from \$10 100 per cent, all of which had a demoralizing effect. American Sugar declined \$20, Atchioon 15. Coston Col \$5, Tobacoo 5 and the railroad its nearly all suffered serious drops. After 1 octook money eased up and an undersone of speculation improved an advance of \$10 25 instinct and the market closed steady.
